

Seacourt Education Programme

2023/2024

A blue circular logo with a white, distressed, hand-painted texture. The text "SEACOURT" is on the top line and "PRINT WORKSHOP" is on the bottom line, both in white, bold, sans-serif capital letters.

SEACOURT
PRINT WORKSHOP

Dear Head of Department

I am writing to remind you about the services we offer at Seacourt Print Workshop. We are an artist led printmaking centre in Bangor, Co Down and we have the most comprehensive print-making facilities in Northern Ireland. We offer tailor made printmaking programmes for students at A Level in our centre and to GCSE through outreach in your classroom.

Since relocating to the old Ulster Bank building on Bangor Main Street, we have a dedicated education room to the rear of the building and time in our studio with professional tutors opens up access to new print techniques, which can help students increase their skills, confidence and their educational achievements.

Our Education Print Menu with details of our courses is enclosed. The A LEVEL price remains £25.00 per head and we offer a full programme of techniques including A4 dry point and salt etch. We encourage exploring other techniques such as collagraph, letterpress or screenprint, however we can work with you to devise a session that meets your particular needs. A LEVEL classes would tend to take place in our workshop.

We also offer development sessions aimed at Teachers & Technicians and well-being sessions for all school staff to aid self-care and team building.

Please do not hesitate to contact me and I hope we can work together in the coming academic year.

Emma Drury
Director

Seacourt Print Workshop LTD was founded in 1981 and is a company registered in Northern Ireland with Company Number NI24162. Accepted as a charity by The Charity Commission for Northern Ireland - NIC105781
Our Registered Office is: Seacourt Print Workshop, The Old Bank, 75 Main Street, BANGOR BT20 5AF

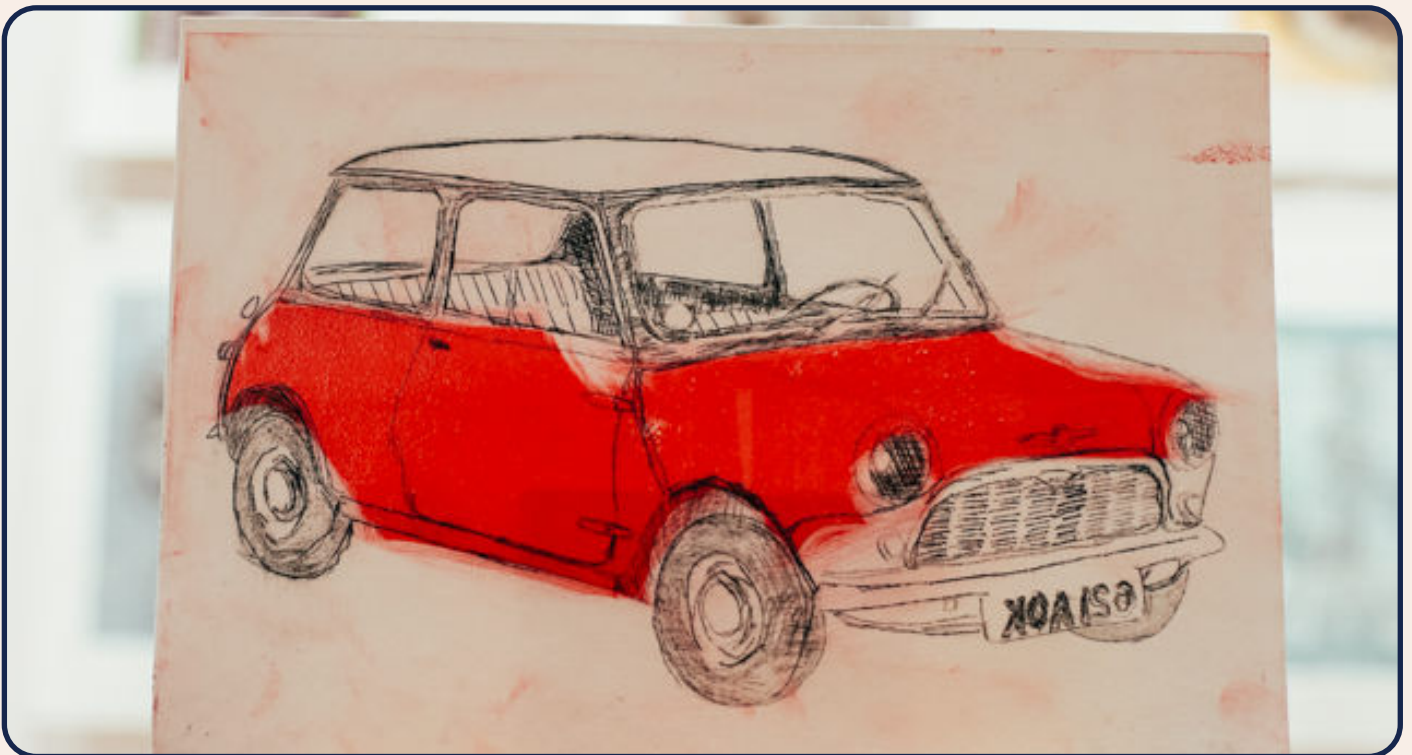

GCSE LEVEL

An introduction to printmaking techniques at GCSE level is a great way to lay the foundations for further development at A Level. Our artists will provide the skills and enthusiasm to ensure students have a highly creative and enjoyable session in your classroom. Each pupil can expect to create 5 prints using dry point and experiment with monoprint and collage to create amazing results.

We ask you to prepare a piece of artwork before the session, a good line drawing is perfect and we provide instructions for you to create the plate. Our printmaker helps students finish off plate and supports each student in learning intaglio printing and experimenting with the technique to print their work creating multiple variations. We can devise a project to meet your current syllabus requirements so talk to us about your ideas!

Two Hour Session is £10 per pupil including all materials. There is an additional fee of £25 per day for the hire of our portable printing press and any other tools required.

We can accommodate classes of up to 30 pupils although when groups are this size, we ask teachers to play an active role in the session.

A LEVEL

We want to provide the opportunity for your students to extend their skills and experiment and we are always delighted to have a discussion about your ideas and suggest a technique or approach to getting the results you need.

A broad range of techniques are suited to 'AS' and 'A2' level students wanting to show creative experimentation in their course work. Our artists will provide the skills and enthusiasm to ensure students make the most of their visit to Seacourt Print Workshop.

We send a printmaker to your school to give an hour long talk about their artistic practice and give advice about preparing your plates.

For each of the techniques we ask people to prepare a piece of art work in advance (see below for specifics) and then in the studio students can learn the processes, experiment with technique and print their work creating as many variations as possible.

The Details:

The programme runs between mid-September and May each year. Weekdays: Daily sessions last from 10.00am to 3.00pm

Evening and Weekend: by arrangement

The programme costs £25.00 per student. This covers all materials with the exception of aluminium and copper plates.

Group size - A minimum of 8 students and a maximum of 12 students can be accommodated on any one day. We can accommodate groups made up from several schools for those with small class sizes.
